

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Ours is the only women's college in the whole district. It has to cater to the needs of a huge catchment area and that too, from remote areas. Some of the students come from marginalised sections of society who live in disparity with the mainstream. Therefore, it's our prime duty and the distinctive quality of the institution to be a premier resource and pathfinder in increasing access to higher education for the women of these areas. One of the distinctive features and priorities of our institution is imparting education inclusively. In order to achieve this vision, we have implemented a policy that adds 5% extra marks to students from the SC, ST, OBC, and socially and educationally backward classes during admission. Thereafter, they are dropped from the admission merit list. Additionally, we also have financial aid for needy students, which helps them meet educational expenses and enables them to access higher education in a better way. Further, as an institution, we have a high aspiration to start skill courses that can create employment for the students. Especially the courses related to Fashion Technology and Beauty Therapy, or any other course that has a reasonable potential for employment generation in society.
