Suggestions if any

Syllabus is already designed with the help of UGC syllabus but there are some gaps in the undergraduate syllabus of Maths. That gaps should be filled up with proper sequence. There is also need of introduction of practicals (ie, tutorials) like science subjects for two days in week.

Suggestions if any

I just want that there should be proper sitting arrangement in college. Benches are always full and many students don't find place to sit. There should be separate hall for examination because classes of few students miss during examination of others.
